# SMS MEERSCHAUMS

## MASTER CARVER COLLECTIONS:

SMS Meerschaums designates a few highly skilled artisans as Master Carvers. Our Master Carvers must meet our most exacting standards, including the following: exceptional reliability, impeccable quality, superior craftsmanship, distinctive and unique carving style, and overall excellence in execution of thematic content. They make a wonderful addition to your collection. Each pipe is usually signed by the artist and protected by a custom fitted case. Visit the Master Carver Collection section of our website ([www.smspipes.com](http://www.smspipes.com)) to see the pipes currently available for each Master Carver.

## SMS CARVINGS:

SMS Carvings is organized into five general categories: Portraits, Animals, Claws & Skulls, Fantasy, and Floral & Medallion. Each category is further divided by style. Select a style and all the pipes assigned to that particular style are shown. This overview combines the Master Carver Collections and the more affordable SMS Series, carved by other skilled artists. Each pipe is protected by a custom fitted case.

## SMS SHAPES:

A wide range of classic pipe shapes are offered in smooth, lattice and floral finish. Each pipe is protected by a custom fitted case.

**BOWL MATERIAL:** Only the finest quality Turkish Block Meerschaum is used, unless otherwise specified. All pipes have push-pull stem fittings and are protected by an individually fitted case, except where specifically designated otherwise.

**FINISH:** All SMS Meerschaum pipes have a beautiful hand-buffed Beeswax finish.

**PRICES:** A strict standard is used when pricing SMS Meerschaums. Each pipe is individually judged according to its overall quality, size and workmanship. After many factors are considered, each pipe is assigned a price within the established price range.

## **Star Series, Moscato & Spumante**

The Lorenzo Star Series, Moscato and Spumante shapes are available in a wide variety of classic and contemporary shapes. Each pipe is photographed from different angles to show the grain and color of the briar.

- Each pipe is sold individually. The pipe you choose is the exact pipe you receive.
- Stems are Lucite with a Double Filter System. This system offers two options; either leave the insert in place for regular tenon or remove the insert and use a 9mm filter.
- A Lorenzo logo cloth sleeve and pressboard box protect each pipe.

Color, finish, stem, packaging and buying options for each series is described in detail beneath the each shape chart.
